1. On 4 August 1947 four loaded trains, each of 35 to 40 railway cars, were observed in the Belgrade-Cukarica railway station, near the sugar factory, headed in the direction of Nis. The trains were loaded with:
 - a. Rifles of a German model in very good condition, not packed, and new machine guns (model MG-42) packed in wooden boxes, six guns in a box. The boxes were labeled in Cyrillic "SSSR - CAU - IV - 1947".
 - b. Sole leather in large rolls 50 to 60 kilograms in weight, marked "SSSR - MTR/1947 - Jugoslavija"; copper wire; various types of motors; and storage batteries.
 - c. Sanitary material: 817 boxes with medicines and bandage material, ten X-Ray machines for field hospitals, 56 operating tables, three complete dentists' installations of German model (Oppel-Blitz), and 617 tents with accessories.
2. Three to five Bulgarian trains arrive daily at Kraljevo loaded mainly with weapons of Russian origin:
 - a. New semi-automatic rifles, model 1946, in unlabeled boxes; machine guns, "Maxim" model, packed 10 to a box; a very large number of various types of pistols; saddles, harnesses, horseshoes, nails, field forges; German helmets and ammunition for Russian weapons and German models.
